# SPOTLIGHT - NO LIMITS LEARNING

Flagship was fortunate to be joined by Courtni English in January, who shared with us her remarkable story of how she came to establish the No Limits Learning Center – a non-profit organization based out of Brea, CA that is serving adults with developmental disabilities. Her story is one of sheer tenacity and determination, with a generous helping of taking a leap of faith.

Following supper, Flagship members assembled to hear No Limits Founder and President tell of the strong friendships that she formed in high school with her peers affected by Downs Syndrome and Autism. Courtni's perspective of the activities available to her friends was that they lacked stimulation and engagement factors so essential to us all, and especially to those whose lives are affected by these conditions.

Staying in touch with her friend group while she got her degree in Child & Adolescent Development, Courtni was encouraged by those around her to start a program that could offer what so many others were lacking. Amidst a challenging start in the city of Placentia, she was encouraged by the Mayor of Brea, Brett Murdock, to move her program to his city, where he assisted her in securing a suitable and affordable location. Murdock also provided guidance in securing the numerous permits required to open the center.

At this time the NLLC has around 75 students enrolled and a growing staff of instructors and administrators. Facilities include 4 classrooms of different academic levels through Jr. High-equivalent, and students are assessed during enrollment to determine which class would best suit their needs. A range of subjects is taught that reflect those in school, as well as a variety of life-skills. The center also features a gymnasium in which students participate in 30 minutes of exercise each day – an activity implemented by Courtni specifically to counteract the sedentary lifestyle that can come with developmental disabilities. There are frequent local outings such as bowling, movies, baseball or lunch at the mall, and the highlight of the year, which is an annual visit by all students to Disneyland. Funding for students is provided through the state, with families paying a nominal 'activities fee' each month.

Students range in age from 18-65 and beyond if certain criteria are met, and there is literally 'no limit' on how long students can attend, with some enrolled since the center opened 5 years ago. The need for NLLC's services has not diminished, in fact there are around 40 families on the waiting list, which has driven Courtni to scale up her operation and take a lease on a larger building in Brea that will eventually accommodate 150 students. The new building is currently being upgraded to meet requirements, but once completed will ease the burden on families and persons so desperately in need of a meaningful place to belong.

Courtni credits her success to support from family and friends, and those who provided guidance in the beginning, such as our own Liz Calvo, who runs her Tuesday Night Together program out of the church. She also placed a lot of emphasis on the positive power of prayer. No doubt her success is down to a combination of all these things, but perhaps above all, her own determined spirit. We were all deeply inspired by what she has achieved. You will be interested to know that Courtni is also the granddaughter of Carol and Paul Blackwell. If you wish to find out more about the center, or get involved, please visit the NLLC website at [www.nolimitslc.org](http://www.nolimitslc.org).

## HEALTH MINISTRY

Since 1963 Congress has designated February as American Heart Month. Heart Disease is the number one killer in the United States. There is a web site that you might find interesting:

[www.heart.org/?identifier1200005](http://www.heart.org/?identifier1200005).

You will see a lot of useful information and links. For example - there is a short video about not sitting too long and information about the effects of vaping. There is also a section entitled the 'top heart disease and stroke research advances of 2019'. One of the articles in that section that appeared in *Circulation* found that in a group of women with an average of 79, reducing sedentary time by an hour a day equated to a 26% lower risk of heart disease and a 12% lower risk of cardiovascular disease. In another article in that section an article in *JAMA* showed that the benefits of lower blood pressure may also extend to the brain. In a study of people 50 and older with high systolic blood pressure (the top number in a blood pressure reading) lowering that number to less than 120 lowered the risk of mild cognitive impairment compared to lowering it to less than 140. There are other parts to this web site that may also interest you such as an article in *Stroke* that found people with a diastolic pressure (the lower number) lower than 80 had smaller white matter lesions in three parts of the brain than those with a pressure less than 90. These lesions can increase a person's risk of falling, having a stroke, and developing problems with thinking and memory. Hopefully you will find this web site educational.

## HEALTH SCREENING

Sun • Feb 2nd • 11:00 am •  
McAulay Hall

Susan Johnson, RN, BSN, PHN, will measure blood pressures for parishioners during our 1st Sunday Health Screenings.

## PER CAPITA

Per Capita is an annual per member apportionment assessed by the General Assembly (Book of Order, G-3.0106), and by many synods and presbyteries, to enable Presbyterians mutually and equitably to share the ecclesiastical and administrative costs of sustaining our witness to Christ through the Presbyterian Church (USA).

### How did Per Capita get started?

The earliest Presbyterian General Assemblies in the U.S. met annually, always in Philadelphia. As the church expanded into far-off places like Ohio, Kentucky, and Missouri, attendance at the Assembly became prohibitively expensive to frontier commissioners. In order to share the costs of bringing the whole church together, in 1806 the Assembly began development of a "Commissioner Travel Expense Fund." Over the years this came to be known as Per Capita.

### Where does my Per Capita contribution go?

- Discerning God's will as a denomination (biennial General Assemblies)
- Training church leaders
- Engaging with those preparing for ministry
- Preserving and maintaining our history
- Engaging in issues of justice

**The Per Capita payment for this year is \$36.80 per member. Please consider adding this amount to your pledge. Any amount you can give will help preserve church funds for our programs and mission.**

## February News

Happy February! The preschool is going to spend the month sharing the LOVE God gives us with one another. The theme for the month is Friendship, Friends, Family and Feelings! The students will get to celebrate Valentine's Day with classroom parties which includes passing out valentines to their friends, eating some delicious food and playing games.

The students will continue with their daily enrichment activities which include yoga Monday, art Tuesday, library Wednesday, pizza Thursday and chapel Friday!

The preschool is currently in need of gently used toys and Clorox wipes!

We are also looking for snack donations! If you are able to contribute any of the following items we would be very appreciative: Goldfish crackers, graham crackers, veggie sticks, strawberries, bananas, celery, carrots, bagels, cream cheese, and applesauce.

### PRESCHOOL LIBRARY CORNER NEWS

- Ms. Dee, Librarian

Winter break is over and here comes February, "Winter's Sweet Spot" in the Library! It brings us pretty Valentines and stories of love and kindness for our families and friends.

Lets don't forget the sleepy ground hog (aka woodchuck) and the birthdays of our Presidents: George Washington and Abraham Lincoln. This year, February also gives us an extra day!

Storytime in the nursery is geared more for the wee ones' taste. Our tiniest babies also respond to colorful pop-up pages and of course, the sound of the storyteller's voice. It's my joy to be back with them once again.

## BOOK CLUB

Wednesday • Feb 26th • 11:30 am • Flippen Chapel

For February we will be reading and discussing *The Great Alone* by Kristin Hannah: *Ernt Allbright, a former POW, comes home from the Vietnam war a changed and volatile man. When he loses yet another job, he makes an impulsive decision: he will move his family north, to Alaska, where they will live off the grid in America's last true frontier. Thirteen-year-old Leni, a girl coming of age in a tumultuous time, caught in the riptide of her parents' passionate, stormy relationship, dares to hope that a new land will lead to a better future for her family. She is desperate for a place to belong. Her mother, Cora, will do anything and go anywhere for the man she loves, even if it means following him into the unknown. At first, Alaska seems to be the answer to their prayers. In a wild, remote corner of the state, they find a fiercely independent community of strong men and even stronger women. The long, sunlit days and the generosity of the locals make up for the Allbrights' lack of preparation and dwindling resources. But as winter approaches and darkness descends on Alaska, Ernt's fragile mental state deteriorates and the family begins to fracture. Soon the perils outside pale in comparison to threats from within. In their small cabin, covered in snow, blanketed in eighteen hours of night, Leni and her mother learn the terrible truth: they are on their own. In the wild, there is no one to save them but themselves.*

Please join us with a sack lunch for an interesting discussion of this book. Contact Lynda Stewart at 714 639-5076.

## LYDIA CIRCLE

Saturday • Feb 15th • 10:00 am • McAulay Hall

Our 3rd Saturday Bible study for women this year is from the book *Love Carved in Stone* by Eugenia A. Gamble: *What would it mean to consider the Ten Commandments not as a harsh list of what not to do but, instead, as a "love letter" from a loving God? Love Carved in Stone is a Bible study that helps us reframe the way we look at and live in the world.* Led by Connie Noren.
